

Aarti Deshmukh

Computer Science Engineering · Final year · VIT Pune · Class of 2027

OVERALL READINESS

3.4 / 5.0

HIGH READINESS

Strong technical foundation with relevant backend and database project experience.

3.7
Technical
Fundamentals

3.5
Project
Readiness

Learning Agility

Communication

3.5
Role Fit

01 Skills, scored on evidence

SKILL	SCORE	LEVEL
Programming proficiency	4.0	STRONG
Databases & SQL	4.0	STRONG
APIs & web fundamentals	3.5	PROFICIENT
DSA & problem solving	3.0	PROFICIENT
Version control & testing	3.0	PROFICIENT
OOP & service design	3.0	PROFICIENT

02 What the candidate is building next

ACTIVE GROWTH AREA	REASON
Testing and software engineering practices	Resume shows Git experience but limited explicit testing/CI evidence.
CURRENT STATE	Basic engineering workflow exposure

03 Role-specific evidence

COMPETENCY	SCORE	READINESS	EVIDENCE	IMPLICATION
Programming proficiency	4.0	READY	Java and Python projects Backend implementation experience	
Databases & SQL	4.0	READY	SQL projects Database schema experience	
APIs & web fundamentals	3.5	READY	REST API project Flask experience	
DSA & problem solving	3.0	AT BAR	DSA mentioned in resume	
Version control & testing	3.0	AT BAR	Git/GitHub experience	
OOP & service design	3.0	AT BAR	OOP listed in technical skills	

04 Readiness pattern

3.7 Technical Fundamentals STRONG	3.5 Project Readiness STRONG	Learning Agility NOT ASSESSED	Communication NOT ASSESSED	3.5 Role Fit STRONG
--	---	---	--	--

05 Next best action

ACTION	WHY	EXPECTED OUTCOME
Build a backend project with automated tests and CI	Converts resume evidence into stronger proof of engineering ownership.	Demonstrable backend engineering workflow.

SUCCESS GATE

≥ / 5.0

06 Final decision

PROCEED WITH ASSESSMENT	Resume indicates good potential but direct technical assessment is recommended.
-------------------------	---

EVIDENCE PROVENANCE	ASSESSMENT	SOURCE
